

# HUNTER 170

DISCOVER THE DIFFERENCE

# HUNTER 170

Designed by the Hunter Design Team and produced utilizing the patented ACP process that combines a UV protected plastic with fiberglass mat and injected foam. This hull is five times more impact resistant than conventional construction as well as unsinkable and almost maintenance free. A wide open cockpit is comfortable for the family or friends. There is even a covered storage area forward to keep your gear dry and secure. Easy to trailer, simple to rig and fun to sail; try one out soon!
